PROFESSIONAL SUMMARY

Full-stack developer with 8+ years of experience delivering web applications, custom WordPress and WooCommerce solutions, and business automation. Experienced across frontend and backend engineering, REST API integrations, SQL/MySQL databases, and AI-assisted development. Focused on building reliable systems and streamlining operational workflows using tools including n8n and Zapier.

TECHNICAL SKILLS

AI & Automation: AI-assisted software engineering, AI-enabled development workflows, n8n, Zapier, workflow automation

Web Applications: React.js, Next.js, JavaScript, HTML5, CSS3, Bootstrap, PHP, Laravel, Node.js

WordPress: Custom plugins, WooCommerce, Elementor, Divi, Beaver Builder, LearnDash, integrations

Backend & Operations: REST APIs, SQL, MySQL, Git, CI/CD, database management, security, performance optimization, SEO

PROFESSIONAL EXPERIENCE

Technical Systems & Support Engineer (Full-Stack Development) | Astra Applications LLC, Fort Wayne, IN | Aug 2023 – Oct 2026

- Engineered and maintained custom web applications across frontend interfaces, backend logic, databases, and third-party API integrations.
- Delivered WordPress and WooCommerce solutions, including custom plugins, tailored features, and integrations for client-specific business needs.
- Applied AI-assisted engineering tools to accelerate implementation, code refinement, debugging, and delivery of web solutions.
- Developed and optimized business automation workflows, including n8n and other integration tools, to reduce repetitive manual processes.
- Supported application deployments, security, performance tuning, database administration, and ongoing technical maintenance.

Web Developer (WordPress Development) | Institute of WOW, Gold Coast, Australia | Feb 2020 – Mar 2023

- Built and maintained WordPress and Wix websites using Elementor, plugins, and third-party integrations.
- Customized WordPress plugins and backend functionality; managed cloud databases, site security, backups, and recovery.

Web Application Developer | Sovereign Success Business Company, Tagum City | Aug 2019 – Nov 2019

- Developed a web-based MLM sales and incentive management system and an inventory tracking application.

Windows Systems Developer | PixelPrint IT Solutions, Tagum City | Aug 2018 – Aug 2019

- Built point-of-sale, inventory, sales automation, and reporting systems for local clients.
- Created WordPress websites and landing pages using Elementor, Divi, Beaver Builder, and plugins.

PROJECTS

Reppert Global — Full-stack development (AI-assisted). | Kairos Tickets — WordPress ticket-selling application. | Summit CPR — WordPress and custom codebase integration.

EDUCATION

Bachelor of Science in Information Technology | University of Southeastern Philippines | 2018
